

PORTABLE WiFi CAMERA AND MONITORING DEVICE

Magnetic Mount

Display Stand
(Phone not included)

Part Number: 41837710

This wireless magnetic camera transmits video directly to your existing wireless device to assist with hook-ups, parking, or monitoring and can be mounted on any steel surface. Completely portable, the camera can be easily moved between trucks and trailers and requires no wiring. The camera has its own WiFi hotspot and includes an app for use with iOS or Android devices.

- Connects directly to viewing device via built-in WiFi—no network required
- Records video and still pictures on connected device
- Uses high-tension magnetic feet for firm body panel attachment
- Built-in lithium battery provides up to eight hours of charge
- Includes stand to support phone on truck's dashboard
- Camera dimension: 3.25" x 3.25"

RECOMMENDED USE
